for all models

article N°: 2009397

EAN N°: 4250303832877

net weight: 0.680 kg

gross weight: 1.075 kg

Original accessory Feuerdesign

The Pizza stone is made of strong cordierite material, several pizzas can be baked one after the other - without burning the last on the bottom.

The Pizza stone is suitable for all grills with a grill grid of a diameter of more than 31 cm. For the perfect cooking of the pizza you need a grill with lid or, if your grill does not have a lid, a cooking hood.

Heat resistant up to 900 ° C. Ø 305 mm.

Unlike certain other materials, cordierite does not absorb too much heat and tolerates high temperature fluctuations.

Hand wash only.
